

Muntaha Ghazi Hasan

BVM&S, M.Sc., PhD, Professor

College of Veterinary Medicine

CURRICULUM VITAE

+ (964) 770000000000

MGHASSAN99@uomosul.edu.iq

Mosul - Iraq

1965

Personal Information

- Name : Muntaha Ghazi Hasan
- Date of birth: 1965
- Place of birth: Mosul
- Sex: female
- Nationality: Iraqi
- Marital status: Married
- No. of children: 3

Academic Information

- Address: Department of Veterinary public health , College of Veterinary Medicine, University of Mosul, Mosul, Iraq.
- Specialty (General/ Major): Veterinary Medicine/ veterinary public health
- E. mail: montaha2009montaha@ gmail.com
- Research Gate: <https://www.researchgate.net/profile/M.G.Hassan>
- ORCID number: <http://orcid.org/0000-0001-7250-0117>
- Google Scholar: <https://scholar.google.com/MontahaHassan>
- H-index: 3
- Publons: <https://publons.com/researcher/1360050/MontahaHassan>
- Address: Department of Veterinary public health , College of Veterinary Medicine, University of Mosul, Mosul, Iraq.

Other Information

- **Education:**
 - 2003-2006 Dr. med. vet. Veterinary Public Health. Department of Veterinary Public Health, College of Veterinary Medicine, University of Mosul, Mosul, Iraq.
 - 1989-1992 M.Sc. Veterinary Public Health. Department of Veterinary Public Health, College of Veterinary Medicine, University of Mosul, Mosul, Iraq.
 - 1983-1987 B.V.M.S. (Veterinary Medicine). College of Veterinary Medicine, University of Mosul, Mosul, Iraq.

- **Training Courses Attended:**

- 5-20/3/1992: Course in teaching methods and staff training. University of Mosul, Mosul, Iraq.
- 1999: Course in computer application, Computer Center, University of Mosul, Mosul, Iraq.
- 2002: Course in computer application, Computer Center, University of Mosul, Mosul, Iraq.
- 2011 training course in recent technology to detect different pollutants in milk and milk products. College of veterinary medicine . University of Mosul
- 2012 training courses in interpretation of mycotoxins results from animal feeds using elisa. College of veterinary medicine . University of Mosul
- 2012 training course in using of HPLC in blood parameters. Technical institutes .mosul.
- 2012 training courses in principls of HPLC techniques. College of veterinary medicine . University of Mosul
- 2012 training course in elisa technique. College of science. University of Mosul.
- 2013 training Course in basic of molecular biology. college of Education . University of Mosul.
- 2013 training Course in basis of polymerase chain reactions. College of veterinary medicine . University of Mosul
- 2016 Course in DNA: Biology's Genetic code . online courses. edx.
- 2018 workshop in best practices in public relations , media and electronic publishing.in atlas for human resource development .Amman. Jordan.
- 2018 workshop in electronic media and social media . in atlas for human resource development .Amman. Jordan.
- 2018 workshop in toxoplasmosis , its effect on human health and methods of detection. In college of pharmacy. University of mosul.
- 2019 workshop in research writing and publishing .in College of medicine. University of Mosul.
- 2019 training courses in field tests for detection of veterinary diseases. College of veterinary medicine . University of Mosul

- **Research Interests:**

- Meat hygiene, Food microbiology, Molecular Biology Techniques, animal health

- **Professional and Academic Position:**

- 2016-present. Head of department, department of veterinary public health, College of Veterinary Medicine, University of Mosul.
- 2007-2015. The deputy of veterinary public health department.
- 2006-2007. Assistant Professor (veterinary public health), Department of veterinary public health, College of Veterinary Medicine, University of Mosul, Mosul, Iraq.
- 1999-2005. Lecturer (veterinary public health), Department of veterinary public health, College of Veterinary Medicine, University of Mosul, Mosul, Iraq.

- 1992-1998. Assistant Lecturer (veterinary public health), Department of veterinary public health, College of Veterinary Medicine, University of Mosul, Mosul, Iraq.
- 1987-1991. Demonstrator, Department of veterinary public health, College of Veterinary Medicine, University of Mosul, Mosul, Iraq.

Activities

- **Membership in Professional Organization:**

- member of the Iraqi Academes syndicate
- member of veterinary medical syndicate.

Scientific Activities

- **Teaching Activities:**

- Meat hygiene for postgraduate students in veterinary public health
- food microbiology for postgraduate students in veterinary public health
- animal nutrition for postgraduate students in veterinary public health
- zoonotic diseases for diploma students in veterinary public health
- Meat hygiene for undergraduate students fifth class , in veterinary public health
- Animal nutrition for undergraduate students second class , in veterinary public health

- **Supervision of Postgraduate Studies (University of Mosul): 4**

- Detection of E.coli O157:H7 isolated from poultry and beef meat using pcr . 2012
- The effect of propolis feed supplementation on hygiene and performance of broiler chickens.2009
- Contamination of imported beef and contact surfaces with E.coli O157:H7 in local retails of Mosul city.2011
- Estimation of some water chemical contamination in Mosul abattoir. 2010.

- **Conferences:**

- 19.-22. May 1990. The first Annual specialized Agriculture show, Baghdad, Iraq.
- 5 may 1992 . the first congress of veterinary college , Baghdad . university of baghdad, Baghdad ,Iraq. (Hematological and biochemical changes accompanied with chronic nitrate poisoning in sheep)
- 2002, third Scientific Congress, College of Veterinary Medicine, University of Mosul, Mosul, Iraq.(Incidence of protozoa pathogens in some meat products).
- 20.-21. September 2006. The 4th Scientific Congress, College of Veterinary Medicine, University of Mosul, Mosul, Iraq.(Histopathological changes of endotoxins extracted from Campylobacter jejuni).
- 8-9. May 2007. The third conference of nursing common disease in Nineveh governorate, , University of Mosul, Mosul, Iraq
- 4-5 may . 2007. The first Scientific congress of biology, college of education, University of Mosul, Mosul, Iraq(Contamination of local retail meats with campylobacter jejuni/coli).

- 19-21 April.2010. The second congress of food safety, college of veterinary medicine, Al- Baath university, Hama. Syria.(The effect of propolis feed supplementation on hygiene and performance of broiler chickens).
- 27-29 september .2010. The fourth international conference of food industries and nutrition division. Cairo. Egypt.(Contamination of poultry abattoirs with *Campylobacter jejuni/ coli*).
- 5-9/5/ 2013 XVI international Congress of the international society for animal hygiene ISHA NINJA/ CHINA(Detection of *E. Coli* O157:H7 from local beef meat products and poultry meat products in Duhok province markets using conventional culture and PCR).
- 23-24. May 2012. The 6th Scientific Congress, College of Veterinary Medicine, University of Mosul, Mosul, Iraq.(Contamination of imported beef and contact surfaces with *Escherichia coli* O157:H7 in local retails of Mosul city).

- **Others**

- 2010 lecturer in training course of meat inspections and its judgments. College of veterinary medicine university of Mosul.
- 2011 lecturer in training course of scientific and economic feed rations for farm animals. In College of veterinary medicine university of Mosul.
- 2011 lecturer in training course of veterinarian at veterinary medical syndicate, Kirkuk.
- 2012 lecturer in course training of public health and supervision of poultry farms. At veterinary medical syndicate. Dohuk.
- 2012 lecturer in course training of veterinary public health. At agriculture cooperative center . mosul. Iraq.
- 2019 lecture in course training of management of veterinary facilities. College of veterinary medicine .university of mosul.
- 2019 strategies for control of epidemiological disease. College of veterinary medicine .university of mosul.
