

Full Name

Bushra Khalil Shakir Khalil

Lecturer in plant physiology

University of Mosul, Nineveh Governorate, IRAQ

Profile

More than 30 years of teaching plant physiology in the biology science to teach the subject of plant physiology .

Employment History

Lecturer at University of Mosul, IRAQ
November 1990 – Present

Laboratory demonstrator at University of Mosul, IRAQ
December 1983 – September 1988

Skills

Growing plants in greenhouse, finding varieties resistant to drought salinity, How to address salinization and drought in the soil

Workshops

Infuenza(Etiology,Symptoms,Treatment,Prevention) for the period of 15/12/2019
University of Mosul college of science/Biology Department

Publication of scientific research in international journals between a question and an answer that was established by the College of Science, Department of Life Sciences, Continuous Learning Unit, on 12/22/2019

Phone no: +9647738502442
