

Eman adel hadi alramaddan

Assistant Professor in Biochemical Chemistry

University of Mosul, Nineveh Governorate, IRAQ

Profile

More than 27 years as a knowledgeable and effective biochemical and clinical biochemist working in College of Science, University of Mosul, as an Assistant lecturer, since 1993 to 1999, then as a Lecturer in Chemistry Department, College of Science, University of Mosul. After that I work as a assistant professor until now. Working with individual, group, and facilities, supervisory and teaching experience.

Employment History

1993-2000: Assistant Lecture of Biochemistry Science college, University of Mosul.

1989-1992: MSc. Student.

2000-2005: Ph.D. student. Chemistry department, college of Science, University of Mosul.

2000-2011: Lecture of Biochemistry University of Mosul, college of Science, Chemistry department.

2011-2021: Assist. Prof. in chemistry department, college of Science, University of Mosul.

Education

Doctor of Philosophy (Ph.D.), in biochemistry, Chemistry department, Science college, University of Mosul, IRAQ.

2000– 2005.

" Effect of Sweat Fluid on Fluid Balance And Some Biochemical Parameters In Hypertensive Patients ". Supervised by Professor Dr. Yasar .Y.H.Al-Tamer and jassim M.T.AL-Hayali.

Master of Science (M.Sc.) in Biochemistry, Chemistry department, Science college, University of Mosul, IRAQ.

1989– 1992.

"Biochemical Analysis of thermally induced sweat fluid ". Supervised by Professor Dr. Yasar .Y.H.Al-Tamer.

Bachelor of Science (B.Sc.), Chemistry department, Science college, University of Mosul, IRAQ.
1983 – 1987

Skills

Biochemistry, Enzymology, Biochemistry techniques.

Sex: Female

Marital Status: Married

Major Specialty: Bio Chemistry
Minor Specialty: Clinical Bio- Chemistry

Research experiences

Master Theses Directed:

1-Measurements of some antioxidants in blood and sweat fluid of hypertensive patients. **Osama M. Al-Sabaawy**. 2009.

Ph. D. Theses Directed:

1-Using some Biochemical and Biomolecular Markers for Detection of Colon Cancer .Noor Abdul Aali Azeez Baker.2016.

Reviewer

Acting as a reviewer to referee papers for several biochemistry journals such as:

- 1-Eur.J.Clin.Chem.Clin.Biochem.
- 2- Urology research.
- 3- Analytical. college medicine. Mosul.
- 4- journal of clinical Hypertension.
- 5- Al-Rafidain journal of science. Mosul University.
- 6- Journal education and science. Mosul University.
- 7- World Journal Of Pharmacy And Pharmaceutical Sciences.

Subjects Taught to Students

- 1-Biochemistry for 4th year in Chemistry Department, College of Science, University of Mosul.
- 2-Immune teqnic Ph.D. Students in Chemistry Department, College of Science, University of Mosul.
- 3- Biochemistry for 3th year in Chemistry Department, College of Education, University of Mosul.
- 4- inorganic - biochemistry for 4th . Student in College of Science University of Mosul.
- 5-clinical biochemistry for 4th . Student in College of Science University of Mosul.
- 6- Biochemistry for 3th year in Chemistry Department, College of Science, University o

Committee

- 1- Member of the chemicals inventory committee in the department of chemistry college of science.
- 2- Member of the glass inventory committee in the department of chemistry college of science.
- 3- Member of the chemicals furniture committee in the department of chemistry college of science.
- 4- Member of the library inventory committee in the department of chemistry college of science.
- 5- Member of the social committee in the department of chemistry college of science.
- 6- Member of the several committee to discuss doctoral and master's student and gradual projects in the department of chemistry college of science.
